**JOINT STIPULATION TO REPLACE PAGES**

Illinois Bell Telephone Company ("Ameritech Illinois") and Illinois IntraNetworks, Inc. ("Illinois IntraNetworks"), through counsel, hereby stipulate that replacement pages should be inserted in the Interconnection Agreement and the First Amendment to the Interconnection Agreement that is the subject of these dockets. In support of their stipulation, the parties state as follows:

1. The parties filed their Joint Petition for Approval of the Interconnection Agreement and the First Amendment to Interconnection Agreement on December 11, 2001. The ICC assigned docket numbers 01-0802 and 01-0803, respectively. By order of the Administrative Law Judge, these dockets were consolidated.
2. On January 15, 2002, the Staff of the Illinois Commerce Commission filed a Verified Statement evaluating both the underlying agreement as well as the amendment. The Statement objected to use of the term "shared transport" in the amendment, because the reference might cause public confusion regarding the nature of the shared transport at issue. Staff proposed that the term "shared transport" be replaced with the term "shared dedicated transport."
3. To address the objection raised by Staff, the parties have agreed to make revisions to the First Amendment, which replace the term "shared transport" with "shared dedicated transport," wherever it appears, and which add a footnote explaining the reason for the revisions. Because these revisions change the pagination for most of the First Amendment, the parties are submitting replacement pages for the entire First Amendment.
4. Attached hereto is a replacement version of the First Amendment to Interconnection Agreement, reflecting the revisions relative to the shared transport issue.

5. The Statement also identified certain rates in the underlying agreement's pricing schedules that were the result of either inadvertent transposition of the rate columns or typographical errors. The Statement further indicates that, while the First Amendment corrects some of the underlying pricing schedules' errors, it creates other problems as a result of transposing the column headings (monthly charge versus non-recurring charge) in the rate schedule.

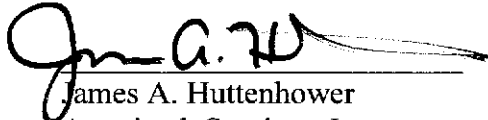

6. To address the objection by Staff, the parties have agreed to revise the Pricing Schedules to correctly present the appropriate rates.

7. Attached hereto is a replacement Pricing Schedule adopting the appropriate recurring and nonrecurring rates for the service offerings.

WHEREFORE, Ameritech Illinois and Illinois IntraNetworks request that the Commission approve the Interconnection Agreement and the First Amendment to the Interconnection Agreement, with the replacement pages, as expeditiously as possible.

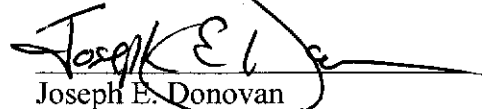

Respectfully submitted this \_\_\_\_ day of January, 2002.
